

Hammond RITEC – Watertight - Deep Lid Boxes - RP Series

Ideally suited for mounting printed circuit boards or DIN rail mounted components.

- Bottom half includes moulded in standoffs for easy P.C.B. installation and DIN rail mounted components.
- Internal DIN rail tabs are moulded in.
- Designed to meet IP65.
- Gasketed lid with two piece construction protects against oil, dust and water.
- Rubber gasket is included and must be field installed.
- Lid is secured with self captivating - M3.5 stainless steel machine screws threaded into integral stainless steel bushings.
- Material: Molded in a light grey general purpose ABS plastic.
- Also available with a clear polycarbonate lid.
